PocketDAB 2000

Advanced DAB/FM and MP3 on the move

PocketDAB® 2000 is the world's most advanced handheld DAB/FM radio and combined MP3 player/recorder. Seamlessly blending style and ease of use with leading-edge technology, PocketDAB 2000 takes mobile audio to new levels.

Jog to your favourite radio station. Relax to your MP3 collection on the train. Listen to pre-recorded news & travel on the way to work. Record favourite tracks to add to your MP3 collection. Record whole radio programmes to listen to at your convenience. Even pause and rewind live DAB radio if you're interrupted. PocketDAB 2000 can give you all this and lots more.

PocketDAB 2000 comes with a free SD memory card so you're up and running straight out of the box, along with high-performance in-unit rechargeable NiMH batteries, carry case, desktop cradle, and a USB cable to transfer files to and from your PC.

With support for FM as well as all DAB frequencies, PocketDAB 2000 is your perfect mobile audio companion.

Digital Output

USB TO TRANSFER MUSIC AND DATA TO AND FROM PC

Mini USB socket enables transfer of tracks between PC and SD card in your PocketDAB 2000. Also used for software updates, published at www.pure.com/support.

TXTSTOR TO SAVE SCROLLING TEXT MESSAGES

Save scrolling DAB text messages broadcast by most stations and refer back for phone numbers, track names or web addresses.

SUPPLIED WITH HIGH-PERFORMANCE NIMH RECHARGEABLE AA BATTERIES

Three high capacity AA batteries supplied which can be recharged in unit or in a separate charger giving over 10 hours DAB listening. PocketDAB 2000 can also be powered via the supplied mains adapter or USB if connected to a PC.

TRI-BAND RECEIVER FOR DAB BAND III, L-BAND AND FM

Receives all Band III and L-Band DAB and FM signals for use in the UK and worldwide (excluding Canada).

OPTICAL OUTPUT FOR CONNECTION TO MINIDISC, CD-R OR DIGITAL AMPLIFIER

3.5 mm optical out connection provides digital output of DAB or MP3 for connection to digital recorders or amplifiers. Socket can also be used as a traditional line-level analogue stereo output.

COMPREHENSIVE PACKAGE

Your PocketDAB 2000 comes with lots of useful accessories included:

- Headphones with in-line volume control
- SD memory card
- Desktop cradle
- Custom carry case
- AC power adapter/charger
- USB cable
- Software CD
- Owner's manual & quick start guide
- Three AA NiMH in-unit rechargeable batteries

ALL THE BENEFITS OF DAB

The DAB transmission standard provides high-quality, interference-free digital audio without the hiss, crackle and fade of analogue broadcasts. Locate all available DAB stations quickly and easily using the autotune feature and then select them by name. List stations alphabetically or by most listened to. Scrolling text shows additional data such as song titles, artists' names, programme descriptions, news headlines and more.

WIDE VARIETY AND CHOICE OF DAB STATIONS

Up to twice as many DAB stations are available in many areas as via FM. UK stations broadcast digitally include national BBC Radios 1-4, BBC Radio 5 Live, Classic FM, talkSPORT and Virgin Radio, plus local and unique-to-digital stations such as 1Xtra, Choice, BBC7, BBC 6Music, Oneword and Life.

TECHNICAL SPECIFICATIONS

General: Advanced stereo handheld personal radio and MP3 player with full DAB Band III, L-band and FM reception capability.

Headphones: In-ear headphones with in-line volume control.

Frequency ranges: DAB Band III (174–240 MHz), L-band (1452–1490 MHz) and FM [87.5MHz–108MHz].

Output connectors: 3.5 mm stereo output for headphones. 3.5 mm optical S/PDIF or analogue stereo output.

LCD display: Graphical white backlit LCD with six line display plus function icons (volume, battery life, time, EQ mode and signal strength). Configurable brightness, contrast and timeout.

Power supply: 3 size AA batteries (3 x NiMH rechargeable cells supplied) or 230V AC to 5.7V DC external power adapter (supplied).

Battery life: 10 hours DAB; 22 hours FM.

Aerial: Supplied headphones act as aerial.

Approvals: CE marked. Compliant with the EMC and Low Voltage Directives (89/336/EEC and 73/23/EEC).

Dimensions (mm): 65 (w) x 110 (h) x 21 (d).

Weight: Approx 160g.

Technical support: UK-based service centre provides personal telephone and e-mail support. Comprehensive on-line support service and call-back system.

Warranty: Two years.

Acclaim for PocketDAB 2000

"Here's the ideal radio for any footie or horse-racing fans – a portable DAB that can pick up 5Live and pause broadcasts at the touch of a button."

Stuff, Essentials 2005

"One of the big hits of 2004 just got smaller. The cool Wayne Hemingway designed Bug enables you to pause, rewind and record live DAB radio, play MP3s and – most importantly – pretend you live in a sci-fi "smart house" where everything has

scrolling displays. This little beauty does exactly the same stuff, except that it fits in your pocket."

T3, January 2005

"We want one."
